Admission Ratio

The admission ratio is defined as the percentage of available enrollment seats in a given admission period by a qualifying demographic.

First Semester Admissions

- 30% Dual Degree Students
- 10% Employee Sponsored Students
- 20% High School Students
- 40% Generic Students

Second Semester Admissions

- 50% MSWSPN Graduates
- 30 % Other LPNs
- 20% For students who have completed fundamentals of nursing within 2 years of application
- Each group will be ranked within the ratio group, if there are not enough applicants in a group to meet the percentage breakdown, admission will be considered by ranking score thereafter as a general population
